Services and payment agreement

This agreement should be read in conjunction with our Initial Disclosure Document, which has already been supplied to you. We agree to provide you with services in return for your payment as detailed inside.

Services

We agree to provide you with the following services:

Advice

You have chosen to receive advice from us. We will offer advice and make financial planning recommendations where appropriate after an initial assessment of your needs.

Initial service

Our initial advice will be appropriate for you based on your requirements and circumstances at that time. The initial service involves making suitable recommendations and arranging products for you as appropriate.

Initial service –our charges

Our charges depend upon the size of your investment.

We will make a one-off adviser charge as a percentage of the initial or top-up investment amount as follows:

Investment amount	Initial charge
On the first £250,000	2%
On the next £250,000 (i.e. £250,001 – £500,000)	1%
On the next £500,000 (i.e. £500,001 – £1m)	0.5%
On the remainder (i.e. £1m plus)	0.25%

Your adviser will charge at a rate of £250 per hour + VAT for generic advice or where no investment product is set up.

Your adviser may also ask for a commitment fee prior to researching existing plans of yours, typically £250 per plan.

Example

If you invested a lump sum of £100,000 into an Investment Bond, we would make an adviser charge of 2% on the total amount. Total fee: £2,000.

We will tell you how much the initial adviser charge will be before you complete an investment, but you may ask for this information earlier.

Our minimum fee is £1,500 for pension transfer advice (whether or not the transfer goes ahead) and £1,000 for all other work. Our maximum fee is £15,000.

We do not give Defined Benefit or Final Salary pension transfer advice.

How to pay

You may pay the charge via your investment product or directly to us. This will be agreed with you once advice has been given.

Regular premium investments and pensions

We will make an adviser charge as follows:

A one-off adviser charge of £250 per hour subject to a minimum adviser charge of £1,000.

Example

If you invested a gross regular contribution of £500 per month into a personal pension plan, and your adviser spent 4 hours in advising and setting this up for you, we would make an adviser charge of $4 \times £250 = £1,000$.

We will tell you how much the initial adviser charge will be before you complete an investment, but you may ask for this information earlier.

No VAT is chargeable

Reviewing your investments periodically is an important part of financial planning.

You will always have access to your Sterling & Law adviser if you wish to review your investments, implement any changes or discuss any aspect of the advice you have received. The frequency of these reviews is typically annual and may be via telephone, email, face to face or video link. You may also request an ad hoc review with your adviser at any time. This may incur an additional charge.

Ongoing service – our charges

For providing ongoing services, as described above, we will charge you as per the table below. **For example**, based on a fund value of £100,000, an ongoing charge of 1.00 % of this amount would mean that it would cost £1,000 per annum to provide an ongoing service ($£100,000 \times 1.00\% = £1,000$).

If the fund value increased over time, the ongoing charge would increase accordingly. We would not automatically make a fee adjustment in line with a fund valuemovement up or down. An aggregated costs calculation will be included for you when we review your investments.

Initial investment amount	Wealth Building Service	Income withdrawal Service
On the first £250,000	0.75%	1%
On the next £250,000	0.5%	0.75%
£500,000 plus	0.25%	0.5%

Our minimum ongoing fee is £750 pa for wealth building and £1,000 pa for income withdrawal.
